

**ENGLISH TRANSLATION OF LETTER OF RECOMMENDATION FROM**  
**SECRETARY GENERAL OF PUERTO VALLARTA, JALISCO**

To whom it may concern.

Through this channel, I extend a cordial greeting, which I take advantage of to recommend the work carried out in an efficient, transparent and professional manner by the non-profit organization **EDUCATION AND SPORTS FOR A BETTER LIFE** who with their daily work directly benefit hundreds of Puerto Vallarta families through their two projects:

**1.-La Escuelita** (The Little School) which is a reading/writing/math intervention program that is located in the Magisterio neighborhood where food is also provided to children and young adults.

**2.- Club Vallarta** is a program for educational and recreational activities in the El Salitrillo neighborhood. These activities include music, swimming, English, reading/writing/math intervention, basketball, soccer, volleyball, girls club, dance team, CrossFit, among other activities.

**EDUCATION AND SPORTS FOR A BETTER LIFE** is an integral nonprofit, supporting and promoting social inclusion and educational of girls, boys and young people from families that do not have sufficient resources to cover some of their basic needs.

Thanks to the support it provides to the Vallarta community, many families are benefited and provided with a second opportunity in their personal development.

Since its creation **EDUCATION AND SPORTS FOR A BETTER LIFE** has done great work in the community, with the recognition of the community and Governmental Institutions of which this Secretary general is a part and will support this nonprofit to achieve the noble purposes for which it exists.

Without further ado for the moment, I give my most sincere recommendation for the purposes that **EDUCATION AND SPORTS FOR A BETTER LIFE** deem relevant.
